

Invites You to Join Us at Battelle 2017
in New Orleans, Louisiana

**9th International Conference on Remediation and
Management of Contaminated Sediments
January 9-12, 2017**

Organized and presented by Battelle.

Tuesday, January 10, 2017

Platform Session

Session B4. Integrating Restoration and Revitalization Strategies

Early integration of NRD at deferred Superfund site, marine shipbuilding and maintenance facility, Astoria, Oregon

Ron Gouquet

Wednesday, January 11, 2017

Platform Session

Session A8. Ecological and Human-Health Risk Assessment

Incorporating sediment quality triad into ecological risk assessments

Mike Johns

Platform Session

Session E8. Food Chain Models - co-chaired by **John Toll**

Reconsidering benthic community exposure and trophic transfer of contaminants

Mike Johns

Poster Session

Session E8. Food Chain Models - co-chaired by **John Toll**

Recommendations for the use and development of biota-sediment bioaccumulation models for cPAHs

Suzanne Replinger, Shannon Katka, John Toll, Brian Church, and Lisa Saban

Thursday, January 12, 2017

Platform Session

Session B11. Perspectives in the Decision-Making Process

Understanding and managing uncertainty in decision making using ecological risk assessments

Lisa Saban
